Re: Summit Avenue Sunoco  
1103 Summit Avenue  
Greensboro, North Carolina  
Duns #0276-0007

Dear Mr. Waters:

On behalf of Sun/Mid-State Oil Company, Groundwater Technology, Inc. is requesting an extension of 30 days from the date of this letter for submittal of the Comprehensive Site Assessment report for the above referenced site. As per our conversation on August 2, 1993, this extension would allow for the execution of off-site access and installation of an additional Type II monitoring well to aid in delineating the extent of the hydrocarbon plume downgradient of the subject site.

If you have any questions regarding this request or the Summit Avenue Sunoco site, please call me at (919) 467-2227.

Sincerely,  
GROUNDWATER TECHNOLOGY, INC.

Teresa Watson  
Geologist  
Project Manager
